Record Type Settings Invite Company

Company	Company Admin	Email	Company Status	Site Locations	Actions
Client STAFF Company	Client STAFF Member	client@staffmember.com	Pending Approval	TIKS Office	View Individuals 1 View Records Edit Delete
Company Expired Insurance	No data to display	No data to display	Pending Approval	TIKS Office	View Individuals View Records Edit Delete
Company No Insurance	No data to display	No data to display	Pending Approval	TIKS Office	View Individuals View Records Edit Delete

Step 2: Tap on the "Add Records Type"

The screenshot shows a web browser window with the URL `jwland.visitor.stage7.chocolatecoded.com.au`. The application is titled "TIKS" and has a navigation bar with buttons for "Procure Sync", "Broadcast SMS", "TIKS Admin", "TIKS Office", and "Log out". The main content area is titled "Company List > Record Type List". A modal form titled "Add Record Type" is open in the center. The form has a "Name" field with a red circle containing the number "3" next to it, and a "Category" dropdown menu. Below these are several checkboxes for optional features: "Mandatory?", "Document Upload?", "Expiry Required?", "Number/ID Required?", "Country Required?", "State Required?", "Approval Required?", and "Worker Sign Off Required?". A "Save" button is at the bottom right of the modal. In the background, a table lists existing record types, including "#Company - Active", "#Company - Approval", "#Company - Country", "#Company - Expiry", "#Company - Record Number", "#Company - State", "#Company - Upload Doc", "#Company - Work Sign Off", "#Individual - Active", and "#Individual - Approval".

Step 4: To make this record available to the Contractor Company, please select "**Company**" in the **Category dropdown list** and select the options which are relevant for this record. **Once done, please tap on the "Save" button.**

Definition of options:

Active: Select this if you require the Company to fill/respond back to this record type. You must select this to have the record displayed in the users Records List - it activates the record for completion.

Document Upload: Select this if you require the company to upload a file to support this record type

Expire Required: Select this if you want to capture the expiry date of this record

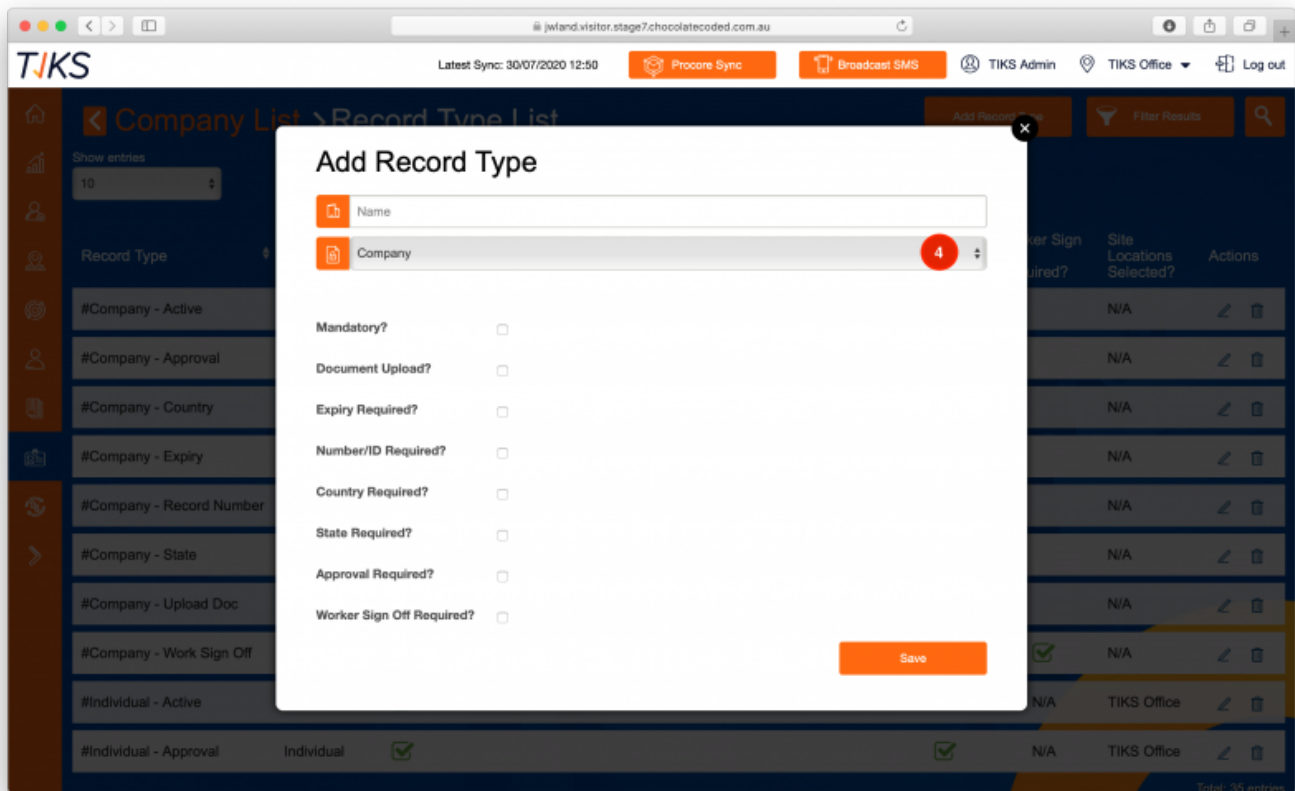

Number/ID Required: Select this if you require to capture the record number, an example may be the Policy Number or Licence number

County Required: Select this if you want to capture the Country this record is recognised for

State Required: Select this if you want to capture the State this record is recognised for

Approval Required: Select this if you wish to review and approve the record captured. If you do not need to review/verify this record, please leave this option un-checked

Worker Sign Off Required: Select this option if you would like the Contractor Worker to acknowledge that they have viewed the information the Company has submitted against this record
