

How do I close the filter options?

The image shows a horizontal filter bar with several input fields and buttons. The fields include 'name', 'company', 'visiting', 'from', 'to', 'Visitor Type', 'Site Induction Status', 'Please select locations', 'All Temperatures', 'Equipment', 'Equipment Status', and 'On Site'. At the bottom right of the bar, there are three buttons: 'filter', 'clear', and 'close'. The 'close' button is circled in red.

To close the filter bar, select the **'close'** text in the bottom right-hand corner (circled above).
