

What are the Site Location configuration options?

The far column titled “Actions” has the various site editing options. They are described below.

Map	Name	QR Code	Configurations	Actions
	TKS Office 1 Kings Cross Road Darlinghurst	1096482x view more	<ul style="list-style-type: none">✓ Record Administrators✓ Location Email✓ Induction (12 Months)✓ Print✓ Email✓ Photo✓ Active Site Location✓ Geo-fence Distance (0ft)✓ Data Format (DDMMYYYY)	Inductions Out of Hours
	Procure Demo 12/255 Pitt St, Sydney NSW, 2000, AU	88038E73 view more	<ul style="list-style-type: none">✓ Record Administrators✓ Location Email✓ Induction (12 Months)✓ Print✓ Email✓ Photo✓ Active Site Location✓ Geo-fence Distance (200 metres)✓ Data Format (DDMMYYYY)	Inductions Out of Hours

Inductions: 

If you select this button, you can view and edit the induction slides for that site. Depending on how your site is set up, you will be able to see three tabs on the inductions page; Visitor, Staff and Contractor. You can upload different induction content for each of these different user types and it will be shown to them when signing in.

Out of Hours: 

Clicking this calendar button allows you to leave a message on the tablet/kiosk for times when the desk is unmanned. It allows you to schedule an instruction message on the screen.

Switch: 

This button allows you to switch to the selected site (dependant on your permissions level). Once you have successfully “switched” you’ll see the site you’re logged into in the “Current Site” section and you’ll also see the site name appear in the top right-hand corner of the top bar.

Edit: 

This edit icon allows you to manage the site settings. The “Edit Site Location” options will then be displayed.

Delete: 

Clicking this icon will delete the site location.

Archive: 

Clicking this folder icon will remove and archive the site and its settings.
