Total: 35 entries

Step 3: Give this record a Name/title ie: "Safe Work Method Statements"

The screenshot shows the 'Add Record Type' modal form in the TJKS system. The form has the following fields and options:

- Name:** A text input field containing "Safe Work Method Statements" with a red notification bubble showing the number "3".
- Category:** A dropdown menu currently set to "Individual".
- Optional Requirements (checkboxes):**
  - Mandatory?
  - Document Upload?
  - Expiry Required?
  - Number/ID Required?
  - Country Required?
  - State Required?
  - Approval Required?
  - Worker Sign Off Required?
- Save:** An orange button at the bottom right of the form.

Step 4: To make this record available to the Contractor Company, please select "**Individual**" in the **Category dropdown list** and select the options which are relevant for this record.

#### Definition of options:

**Active:** Select this if you require the Company to fill/respond back to this record type. You must select this to have the record displayed in the users Records List - it activates the record for completion.

**Document Upload:** Select this if you require the company to upload a file to support this record type

**Expiry Required:** Select this if you want to capture the expiry date of this record

**Number/ID Required:** Select this if you require to capture the record number, an example may be the Policy Number or Licence number

**County Required:** Select this if you want to capture the Country this record is recognised for

**State Required:** Select this if you want to capture the State this record is recognised for

**Approval Required:** Select this if you wish to review and approve the record captured. If you do not need to review/verify this record, please leave this option un-checked

Step 5: Select which site this worker can work on in the check-box options available: **Once done, please tap on the "Save" button.**

**Add Record Type**
